

**218.4.01 Limits**

General Provisions 101 through 150.

**218.5 Payment**

Payment will be made under:

Item No. 218	Blanket for fill slopes	Per cubic yard (meter)
--------------	-------------------------	------------------------

**218.5.01 Adjustment**

General Provisions 101 through 150.

**Section 219—Crushed Aggregate Subbase****219.1 General Description**

Specifications for this work will be included elsewhere in the Contract.

**Section 221—Special Subgrade Compaction and Test Rolling****221.1 General Description**

This work includes rolling subgrades using a special roller described in this Section and repairing weak places discovered during rolling.

The Item does not take the place of compaction or subgrade improvement specified elsewhere in the Specifications. It consists of the following complete operations:

- Test rolling and performing final compaction and preparation of the finished subgrade using special rolling and compaction equipment
- Replacing or repairing weak areas that develop in the finished subgrade from manipulating the test rolling equipment
- Continuing test rolling to compact repaired areas until the entire subgrade remains firm
- Protecting culverts and bridges from damage according to specified construction methods
