

SECTION 608—MOBILIZATION

608.1 DESCRIPTION—This work is the assembly and set-up of the general plant required to comply with the contract and with local and State laws and regulations. General plant includes Contractor's offices, shops, plants, storage areas, and sanitary or other facilities. This work includes obtaining the required permits, insurance, bonds, and any other initial items required for the start of the work.

608.2 MATERIAL—Furnish adequate material and furnishings required. These material and furnishings will not be considered a part of the other completed contract items.

608.3 CONSTRUCTION—Construct the required facilities.

608.4 MEASUREMENT AND PAYMENT—Lump Sum

The Department will pay for mobilization, as specified in [Section 110.05](#), and according to the following schedule:

(a) If work is performed equal to 10% of the total contract price, excluding the bid price for this item, the amount bid for mobilization, or 3% of the total contract price, excluding the bid price for this item, whichever is less, will be paid.

(b) If work is performed equal to 25% of the total contract price, excluding the bid price for this item, any remaining amount bid for mobilization or an additional 2% of the total contract price, excluding the bid price for this item, whichever is less, will be paid.

(c) Upon completion of the project, any remaining amount bid for mobilization will be paid.
